To whom it may concern,

I am writing in support of Michael Linert for a position in your school. As President of the Carmel Orchestra Parent's Council, I worked alongside Michael during his student teaching at Carmel High School where he proved himself to be well-prepared to run a program of his own.

As part of his student teaching, Michael participated in all of the Parent Council meetings and also facilitated several administrative tasks including collecting information forms and dues for over 300 students. He actively participated in discussions and worked both professionally and enthusiastically with all members of the council and additional parent volunteers.

I frequently heard students mention how much they enjoyed working with Michael, citing that they enjoyed his hard-working, yet energetic approach. My daughter, who is a violinist in the orchestra program, specifically mentioned that she enjoyed.....

I am confident that Michael would build a wonderful program at your school, and I hope you will give him serious consideration. If you wish to discuss anything further regarding Michael Linert, please do not hesitate to contact me at jlove@ccs.k12.in.us.

Sincerely,

John Love
President, Carmel Orchestra Parent's Council and English Teacher
